Thanks, yes. Moody brought extras. This inspection was a big priority for Bob K. I'll let our management and Bob know that CRL was able to support our expanded effort. I appreciate you guys fitting this in. I know you have other priorities. - Dean

Go ahead and proceed and I will inform management. Do you have enough bottles though?

Rob: we had planned to collect a total of 12 samples at Minntac. We collected 10 today and may need to collect another 3 to 7 samples tomorrow. I know this exceeds our initial request. Please let me know if this is a problem. Turn around time is not urgent for us if that helps.

Please give me a call in the morning at 312-353-2098, if you need us to hold back on collecting extra samples, since I won't have access to my computer in the morning. Thanks.
